

ARCHISEA

ARCHSEA

To discover new worlds with ARCHSEA.
An actual dream includes the perfect
combination of carefully selected
materials and design, offering every
comfort. Close to you to have it....
Hello to life.....

General View

Noble everywhere by lean line.

Equipment

All around the boat Bose brand music systems, home theater systems & Samsung televisions are used. All materials used are carefully selected and Italian origin parquets, marbles, leathers and alcantara leathers were used. The curtains which have both blackouts and nets are electrically controlled.

Flybridge

Flybridge is reached by the stairs on the quarterdeck. The field is far from the eyes and independent, has seating groups, a private jakuzi for 5 person and grill bar. Optionally can be used as table or coffee table. Top of flybridge can be opened with electric awning and can be used as a sunbathing area. The tender boat is taken to this division when the boat is cruising. Life boats and Crane are also located on flybridge.

Quality

Everything is thought that will appeal to every taste, aiming for top-level comfort.

Salon

This section is where the food and seating group, has decorated with natural leather furnitures. Inside cabinet hidden TV and bar is located in this section.

Owner Cabin

Cabin is located on the main hall floor and has panoramic view from two sides. Private wardrobe room available. Bathroom has 2 sinks and sitting unit in shower.
